

Sovereign State Depository's Sign-up for BUSINESS OWNERS

I, _____, am willing to post my goods or services in an alternative currency consisting of units of silver or gold electronically, giving my customers the added choice to pay for their goods or services using **Pure Silver™** or **Pure Gold™** debit card system.

Sovereign State Depository.com is willing to provide the software to electronically transfer the gold or silver from my customer's account to my business account.

I understand I will have a free business account set up at

SovereignStateDepository.com to handle these transactions, with no monthly charges for storage and insurance. I understand I will also be provided with a free listing of my business on the website directory allowing customers the ability to also purchase my goods electronically through the Internet. I also understand there will be no transaction fee when using **Pure Silver™** or **Pure Gold™** debit card system. I will also have the ability to physically deposit and withdraw my gold and silver at the Sovereign State Depositories.

The gold and silver will be insured and physically stored at one of the largest mints in the United States. We are working out the details with the mint now and working with a team of top IT software programmers that will be building a safe, secure and encrypted system to make this operational by April 15, 2010.
